FOOTBALL EDUCATION

Football Education Courses run all year round and it's possible to take 3 month heritage visits for fans as well as 6 month courses including English Language. Students over 18 can also take Football Coaching Level 1 qualifications with English and even apply for 11 months programmes for extra cost for an extended visit.

UEFA qualified Coaches work with Students at the Football Academies and on the education campus students study beginner level English (A1) right through to Advanced IELTS level 8.5 enabling them to reach UK university entrance level English requirements if they wish to progress.

STUDY VISA SOLUTIONS

Innolearn are an ASIC approved organization which means they can support the UK study Visa application and Visa vetting process for all Overseas students.

This gives students assurance that the education programme is of high quality and welfare is paramount.

International Football Students in England

ECL & Innolearn have developed a market leading & successful Joint Venture supported by a number of professional and semi-professional football clubs in England allowing International Football students to study English Language programmes with Football Academies in the UK under short term study Visa's. We are actively looking for new ethical partners from the Sports & Football Industry as well as Educators, to collaborate with us on these exciting, commercially lucrative & developing projects. These are focused on the needs of our students.

Our unique concept is the development of an ambitious football education project with clubs where students, young players, coaches and fans can visit England, the Home of Football. This will be a unique experience all students. Our Projects are like nothing else available for International Football Students wanting to play, coach or understand about the heritage and culture of Football in England under an approved Football & English Education programme.

QUALITY APPROVED

We have huge combined experience in the education and sports sector and have worked on a number of successful projects together in the last decade drawing on each others vast expertise. We are QISAN Members (Quality International Study Abroad Network, ASIC UK Accredited under Licence Number: AS96863/0217, & hold Matrix Accreditation for Advice & Guidance.

Contact James 07598 275841 or Raza 07866 365544 .

Meet our Students : Emmanuel Pala

Emmanuel is one of our students from Kenya who came to England initially for a 3 months trial and progressed very well at the Academy. We were able to support Emmanuel to return for a year long programme. Here is his feedback :

"James & Raza are professionals. Their Introduction was detailed and informative. I was given the courses they offer & was informed of how they will benefit me. I took the extensive English course as part of my Football Studies and was guided step by step through the Visa Application process with total care. I am very positive this will propel me in my future endeavours."

Emmanuel Pala—Semi –Professional Footballer

6 month - English Education Programme

English Language a New Way

Our English products are quite simply unique and market leading .We have available complete E-Learning English courses specifically designed for self-study.

Our Beginners courses were developed in collaboration with Cambridge University English Language Assessment who created and validated the placement and course tests and vetted all other in-course assessments.

You develop all your English language skills through real life activities and speech analysis technology. The course tests are linked to Cambridge English's internationally recognised qualifications.

After successful completion of the Beginner & Elementary Course students can sit the Cambridge Key English Test (KET).

IELTS Progression

More Advanced Learners can progress to Industry Specific English Courses or our IELTS Preparation courses.

We Offer Advanced IELTS up to Level 8.5 and even specific Business English .

Preparation course which we offer in addition and these could lead to the opportunity to seek University entrance.

Coaching Options

Within some of the Football Academies the UEFA Qualified coaches can also support students onto Formally accredited Coaching Qualifications for students wanting a coaching pathway.

University Pathways

We have good links with a number of Universities and can offer some great Undergraduate options including MBA routes for academic students.
